

# HA<sub>1</sub>(H<sub>1</sub>N<sub>1</sub>)(A/WS/33)

---

|                |                                                                                                                                                                                                                                                                     |
|----------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Product Name   | HA <sub>1</sub> (H <sub>1</sub> N <sub>1</sub> ) (A/WS/33)                                                                                                                                                                                                          |
| Catalog No     | IT-003-0013p                                                                                                                                                                                                                                                        |
| Source         | Viral protein purified from 293 cell culture                                                                                                                                                                                                                        |
| Formulation    | Each vial contains 100 µg of purified protein (1 mg/ml) in PBS.                                                                                                                                                                                                     |
| Protein        | 6xHis tagged HA <sub>1</sub> (H <sub>1</sub> N <sub>1</sub> ) (A/WS/33) protein (a.a.18-344) (Genebank No.U08904)                                                                                                                                                   |
| Applications   | WB standard, antibody ELISA, etc                                                                                                                                                                                                                                    |
| Purity         | >95%                                                                                                                                                                                                                                                                |
| Storage        | Keep it at 4°C if used within a month. For long term storage, split it into small aliquots and keep at -80°C. <u>Avoid repeated freezing and thawing.</u> The product will be expired one year after receiving if stored properly. Non-hazardous. No MSDS required. |
| Use Limitation | For research use only, not for use in diagnostic procedures.                                                                                                                                                                                                        |
